

Report for 2nd Show Jumping at Woodhurst on 30th June 2011

Sally O, one of our judges, was back from holiday so the classes were run with military precision. Only a certain number of clear round tickets were allowed to be sold and the gate steward had to be ready with the next competitor once the previous one had finished their round.

The weather was kind to us no rain. As with the previous week not many members competing but classes were full especially Novice & Intermediate.

Blair made a shorter twisty course to speed things up. As the previous week each class took a long time to finish.

We had no major incidents. The only complaint was from the neighbouring houses , after 9 pm they complained about hearing the tannoy so Sally had to whisper which was amusing.,

Thank you to Sally & Linda H for judging, Linda P & Lesley for stewarding the gate and to Gwenda for being secretary at this and the previous show.

Thank you to every one who came and put jumps/poles out and put every thing away at the end of the evening.

We do rely on the support of members to help out at shows.

The last one is tonight, just hope it stops raining!!

Barbara
